The American Film Institute listed Breaking Bad as one of the top ten television series of 2008, 2010, 2011, 2012 and 2013. By its end, the series was among the most-watched cable shows on American television, with audience numbers doubling from the fourth season to the fifth.

In his review of the second half of season 5, Seth Amitin of IGN stated, "This final batch of Breaking Bad is one of the best run of episodes TV has ever offered", and praised "Ozymandias" in particular, referring to it as "maybe the best episode of TV [he's] ever seen."

Episode Synopsis

Jack and his team remain unscathed while Agent Gomez lies dead and Hank has been shot in the thigh. Walt begs Jack not to kill Hank, offering Jack \$80 million in cash in exchange for Hank's life. Nonetheless, Jack executes Hank and his men dig up all seven barrels, leaving one for Walt. At Todd's suggestion, they take Jesse as a hostage in order to get information from him about how much he told the DEA. As Jesse is taken away, Walt tells him that he watched Jane die. Marie tells Skyler that Hank has Walt in custody, and Skyler agrees to tell the truth to Walt Jr. When they return home, they find Walt packing and insisting the family leave immediately. Skyler resists, holding a knife to defend herself. Skyler and Walt fight over the weapon, with Walt Jr. defending his mother and eventually calling the police on his father. Walt escapes with Holly. After taking full responsibility for the meth business during a call to Skyler that is monitored by the police, he leaves Holly at a fire station and assumes a new identity through Saul's contact. After being beaten and tortured for information, Jesse is forced by Todd to help him cook meth when he sees a picture of Andrea and Brock in the lab.
